HELLENIC SOCIETY OF NONDESTRUCTIVE TESTING (HSNT)

National Society, Member of EFNDT and ICNDT

Αριθμ. Εγκρ. 2861/87

3rd Announcement for the 4th NC on N.D.T of HSNT and the 2nd B.C. on NDT of BS on NDT.

The H.S.N.T. BoD at the meeting of 7th February 2002 has taken unanimously, the decision to postpone the date of the conference instead of October 19th, 2002 to **November 2nd 2002**.

The reason of this change is the determination of the Hellenic State to carry out, the same period, the municipal elections 13 and 20 October and on the other hand next to it we have the National Festival of October 28th. Therefore, abstracts and full papers may be send one month later.

All previous relative information are valid.

3rd International NDT conference of HSNT

The 3rd International NDT conference of HSNT will be definitely carried out on **October 2003**, at CHANIA-KRETE.

The Accreditation of HSNT

The HSNT decided to start the proceedings for its **Accreditation as Independent body, per EN45013 and EN378**, by the Hellenic Ministry Research and Technology. For this reason two competent members started hard working and hope that within six months this will be completed.

For further information please consults our web site: www.hsnt.gr

Attached:1) Hotels list.

2) The 2nd announcement of HSNT

Athens, February 27, 2002

The President of HSNT

I.N. Prassianakis
Associate Professor at NTUA
